## DYNAMITING CHURCH.

Chief Priest of Cathedral Received  
Significant Warning.

### READ IT TO PEOPLE.

There is a Noticeable Decrease in  
the Number of Persons Who Go  
to Russian Churches to  
Have Candles Blessed.

St. Petersburg, April 28.—The first  
of the great preliminary Easter services  
were held in the churches and cathedrals  
Thursday night, the people coming  
to kindle candles and procure a  
blessing on the lights, which they carry  
home burning, but it is noticeable that  
there was a diminution of the usual  
throngs on account of rumors of plans  
to blow up the churches. The chief  
priest of the Smolensk cathedral in this  
city received a note warning him of a  
plot to blow up the cathedral, which  
he read to the congregation with ex-  
planations, in order to quiet their fears.  
Rumors of the intended use of dynamite  
apply also to banks and government  
buildings. These are believed  
to some extent by the more credulous  
and timorous classes, but the persons  
most informed do not attach much  
weight to the rumors.

A feeling akin to consternation has  
been caused by the publication in the  
papers of renewed rumors of an im-  
pending popular outbreak. It is feared  
that the slightest incident, accidental  
or manevolent, among vast congrega-  
tions which will attend the churches  
Saturday night may cause a panic  
with appalling consequences.

### RESUMPTION OF FIGHTING.

Japanese Have Decided Not to Await  
Result of Naval Battle.

London, April 28.—The resumption  
of fighting in Manchuria is supposed  
here to show that the Japanese have  
now decided not to await the issue of  
the impending naval contest, but to  
utilize the few weeks intervening be-  
tween the drying up of the thawed  
winter roads and the arrival of the  
summer rains of June for the resump-  
tion of the land campaign. The com-  
pletion of the railway to Mukden will  
greatly simplify field Marshal Oyama's  
task of provisioning his vast army and  
will thus facilitate the renewal of hos-  
tilities.

No further news has been received  
of either Rojostvensky's or Neboga-  
toff's squadrons. The report is con-  
firmed that the submarine cable has  
been cut at Kaiman; but according to  
the Daily Telegraph's correspondent  
at Tokio the Japanese authorities have  
learned that the Russians are using  
Hainan as a base.

### FOUR REMAIN.

Only Ships in Kamranh Bay Are Some  
Transports of Germany.

Kamranh Bay, April 28.—The only  
ships remaining in Kamranh bay are  
four German transports. All the rest  
of the transports and Russian hospital  
ship Ore and others vessels left be-  
hind by Admiral Rojostvensky have  
left the bay. This fleet is now assem-  
bled outside the bay and forms an ex-  
tended line stretching from Cape Varla  
to the head of Kamranh peninsula.

Torpedoboats are scouting in all di-  
rections. The ships seem to be await-  
ing Vice Admiral Nebogatoft's divi-  
sion. French cruiser Descartes, hav-  
ing on board Admiral Dejonquieres,  
French commander in these waters, re-  
turned to Nhatung, near Kamranh  
Bay, after steaming around the Rus-  
sian squadron and subsequently re-  
turned to Saigon.

Two freight laden steamers were  
captured by Admiral Rojostvensky un-  
der the German flag. It is presumed  
they are suspected of having contra-  
band of war on board.

### THREE HOURS' FIGHT.

Russian Cavalry Forced the Japanese  
to Leave the Scene.

St. Petersburg, April 28.—General  
Ligneitch in a telegram to the emperor  
dated April 26, reports a three hour's  
fight April 23, near Tsintziaoun, the  
Russian cavalry forcing the Japanese  
to retreat.

### Numerous Encounters.

St. Petersburg, April 28.—Officials  
reports from the Caucasus describe  
numerous encounters between peas-  
ants and troops. Many of the former  
have been killed in Cossack charges.

### Destroyed by Fire.

Shanghai, April 28.—The British  
steamer Yuenwo has been totally de-  
stroyed by fire at Tungchow. It is  
feared that 150 Chinese lost their lives.

### ZERO THE GOAL.

For a Time That Seemed the Destina-  
tion of May Wheat.

Chicago, April 28.—Zero seemed for  
a time Thursday the goal for May  
wheat. Under renewed liquidation the  
price of options broke 4½ cents per  
bushel. The market closed Wednesday  
night at 91½, opened Thursday at  
83½ to 90 cents, and sold down to 87½  
cents. The market was extremely ner-  
vous and after rebounding to 89 cents  
dropped again to 88 cents.

## SCENES OF VIOLENCE.

Supposed Negro Strike Breaker Has  
Rough Treatment.

### BLACK BADLY BEATEN

Thought to Have Agreed to Accept  
Employment, He Is So Seriously  
Hurled as to Require Treat-  
ment at Hospital.

Chicago, April 28.—Scenes of vio-  
lence in connection with the strike of  
teamsters began promptly today.

A negro teamster was seen to enter  
the Monroe street barns of the A. M.  
Forbes Cartage company, whose team-  
sters joined the strike Thursday. He  
later was seen to leave the stables.  
Several pickets gave information that  
he had applied for a position as a  
teamster. Thereupon the negro was  
followed by strike sympathizers. At  
Desplains street he was overtaken by  
his pursuers. The fugitive attempted  
to defend himself from the mob which  
quickly gathered, but he was kicked  
and beaten into insensibility. The ar-  
rival of a squad of police put an end to  
the disturbance. The injured man was  
taken to a hospital, where he was  
found to be severely cut and bruised  
about the head and body.

The greatest number of union pickets  
were stationed about the stables of  
the Employers' Teaming company in  
Eighteenth street near State. Non-  
union teamsters are housed in their  
stables. Special details of police were  
sent to the stables to protect the non-  
union men as it was feared most serious  
disturbances would occur in the  
vicinity of these stables.

### "POMATO FRUIT."

Luther Burbank Succeeded in Produc-  
ing Another Wonderful Creation.

San Francisco, April 28.—The Exam-  
iner says that Luther Burbank, of  
Santa Rosa, has succeeded in produc-  
ing another wonderful creation, which  
will come under the head of potato ex-  
periments, and known as "pomato  
fruit." Briefly summarized the evolu-  
tion is a matter of planting the tuber  
and gathering from the tomato vine a  
luscious white fruit, one that is de-  
lightfully palatable and makes excel-  
lent preserves.

Mr. Burbank named the potato fruit  
"pomato." When compared with the  
tomato, the "pomato" is smaller in size  
and the meat white instead of red  
and it is highly flavored. In other  
words, its flavor is that of fruit rather  
than vegetable. Mr. Burbank speaks  
of the creation of pomato as resulting  
from turning plant life in opposite di-  
rection.

"Instead of cultivating tubers, we  
now cultivate fruit and tubers as a  
secondary consideration." He says the  
fruit on the vine is the main object.  
Mr. Burbank has some 10,000 varieties  
of potatoes with which he is experi-  
menting, most of them hybrid seed-  
lings of his own creation.

### CONSTANT ATTACKS.

Garrison Hard Pressed and Reserves  
Crushingly Defeated.

Hodeida, Arabia, April 28.—Sanaa,  
the capital city of Yemen province,  
captulated to the insurgents during  
the night of April 20. Revolutionists  
are now proceeding to besiege Manak-  
ha, he latter has a garrison of 5000,  
but the troops are mutinous. Jews  
who left Sanaa before the surrender  
and who have arrived at Hodeida say  
the town is subjected to constant night  
attacks, the garrison hard pressed and  
provisions exhausted. The scene of the  
fight of March 30 was southward of  
Sanaa, when Syrian reserves which  
went to the relief of Sanaa were crush-  
ingly defeated. Streets are strewn with  
dead soldiers and animals.

### Squadron Sighted.

Tokio, April 28.—The Russian Sec-  
ond Pacific squadron was sighted  
Thursday off Cape Varela, seventy  
miles north of Kamranh Bay.

### SEIZURE AT MOBILE.

Package of Lottery Tickets Taken and  
Also Some Papers.

Mobile, April 28.—On information  
from Federal authorities at San Fran-  
cisco warrants were issued by the  
United States court for the seizure of  
a package of lottery tickets of the  
Mexican State lottery, shipped by the  
Southern Express company to L. Jack-  
son, this city, and also for the seizure  
of lottery papers in the office of Jack-  
son. United States Marshal Dean se-  
cured the tickets on the warrant, and  
raided Jackson's place, where lists of  
past drawings, blank applications for  
tickets and names of hundreds of pat-  
rons and printed matter were secured  
and removed to the marshal's office.

### Passed Two Detachments.

Penang, April 28.—The British  
steamer Caltherine Akcar, arriving at  
the Straits settlement fort from Cal-  
cutta, reports having seen and passed  
two detachments of eight and seven  
warships respectively Thursday sixty  
miles south of Penang. They were  
heading for Singapore.

New Orleans, April 28.—At the legal  
execution of Lige Thomas, a negro,  
for killing a white man named Boswell,  
on Peters Island, a brother, R. N. Bos-  
well of Texas, was a witness to the  
hanging and requested permission to

#### MARLIN-TEMPLE TROLLEY LINE.

Prominent Temple Man Tells Some of Its Advantages.

"If the people of Marlin and Falls county realized what a great thing a trolley line from Marlin to Temple would mean for them they would be enthusiastic for the road and would lose no time going after it."

Thus spoke Pat Cheeves, a leading dry goods man of Temple, in conversation with a Democrat representative this morning.

Continuing, Mr. Cheeves declared that the trolley line between Temple and Belton had proven the liveliest kind of a financial success. The people who own a majority of the stock reside in the north and are business people. They came to Temple, looked over the situation, went back, made out a contract, sent it to Temple; it was signed up, returned and a force of workmen appeared on the scene in a very short time and began work laying the track.

The trolley does about all the passenger business between Temple and Belton. A summer theatre has been erected at Midway, where the power house is located and picnic parties are an almost daily occurrence. He finds it a great aid to the business community as well as the farmers along the line.

Farm lands have doubled in value along the line as it brings a market to the very doors of the farm houses, and besides, much of the land is now in demand for suburban residence property.—Marlin Democrat.

#### BELTON-TEMPLE TROLLEY CELEBRATION.

Belton, Texas, April 26.—Tuesday, May 9, has been set aside as directors and stockholders' day by the Belton-Temple Traction Company. The occasion is the dedication of the Inter-urban Railway. The Pennsylvania stockholders will be here at that time and a number of addresses will be made by prominent speakers. The subjects announced to date are as follows: "Our Electric Line," "Means of Travel in the Early Days of Texas," "What Should Belton and Temple Do for the Trolley," "The Twin Cities," "What Should Be the Attitude of Persons Sustaining Injury or Damage to the Traction Company," "Trolley Roads in Their Infancy," "Will Texas Have More Interurban Electric Railways?" "Belton Before and After the Advent of the Trolley," "Temple Before and After the Advent of the Trolley."

#### CATARRAL TROUBLES PREVALENT.

Spring Months Cause Sickness—Breathe Hyomei, and Be Cured of Catarrh.

Catarrhal troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific method for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and then breath it for three minutes four times a day.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomei is used. Breathed through the inhaler, the balsamic fragrance of Hyomei penetrates to the most remote cells of the nose and throat, and thus kills the catarrhal germs, heals the irritated mucous membrane, and gives complete and permanent cure.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. S. Nugent, treasurer of the New York Life Insurance Company, writes: "Hyomei has completely cured my daughter of catarrh, from which she has been a sufferer for years."

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottles can be procured for 50 cents. Ask E. J. Jenkins to show you the strong guarantee under which he sells Hyomei.

#### FITZHUGH LEE STRICKEN.

Noted Virginian Affected With a Paralytic Stroke in Left Side.

Washington, April 28.—General Fitzhugh Lee, while on his way from Boston to Washington, was stricken with apoplexy shortly after the train left the Harlem river. His left side was affected. The train, which left Washington about 10 o'clock Friday, was met by Secretary of War Taft, a surgeon general of the army and Dr. Lemon, physician of the Pennsylvania railroad. A physician was with General Lee on the train.

The news of the general's condition had preceded him to Washington and many of his army and personal friends were at the Pennsylvania station to

GENERAL FITZHUGH LEE.

meet him. Included among them were Major Richie of the army general staff, Major Kean and Major Mason of the medical department, Dr. St. George Tucker of George Washington university, Major Robert Hunter of Virginia, Holmes Conrad of Virginia, and B. H. Powle. Dr. Tucker invited General Lee to occupy his quarter at his residence here. The general, who was conscious, received Dr. Tucker in his car when the invitation was extended. He replied smilingly: "I am in charge of Dr. Keen and he says I must go to the hospital and I guess I will have to acquiesce."

Mrs. Lee, who is at Fort Oglethorpe, Ga., with her daughter, has been notified, as also had his son, George, who is at San Francisco preparing to sail for the Philippines. The other son, who is in the Philippines, has been cabled of his father's condition. A physician taken aboard the train at Jersey City. At Philadelphia he gave space to another, who accompanied the general to Baltimore, where still another was taken aboard and made the trip to Washington.

General Lee had been spending a few days in Boston and was returning to Washington on his way to join Mrs. Lee.

#### DESTINATION UNKNOWN.

Warships Well Provisioned and May Have Started For Vladivostok.

Kamranh Bay, April 28.—The Russian squadron, with transports, left its last stopping place Wednesday evening for an unknown destination. The warships were provisioned for six months and it is thought here they are bound for Vladivostok, via the Pacific. Four German colliers arrived at Kamranh Bay too late to proceed with the squadron, but they subsequently sailed in the same direction in efforts to catch up with it. Vice Admiral Nebogatoff's division was expected to arrive Thursday in Indo-Chinese waters, where, it is believed, the admiral will receive instructions regarding the place where he is to effect a junction with Admiral Rojestvensky, whose squadron, besides twenty-five warships, includes a repair ship and water tank ship.

St. Petersburg, April 28.—Permission has been granted to publish at the capital a Jewish paper in the Hebrew language, to be called The Way. So far as known this is the first time a paper published in Hebrew has been authorized in Russia.

Newspapers resent protests in the British press over the capture of ships loaded with contraband if bound for Japan, pertinently pointing out that they displayed no concern about the many ships bound for Vladivostok which were taken by the Japanese.

#### Depends on President.

Washington, April 28.—Secretary Taft is considering the advisability of ordering Minister Bowen, at Caracas, to report forthwith in Washington to explain charges against Assistant Secretary Loomis, which he has conveyed to Secretary Taft in a personal letter. If President Roosevelt assents this order will be issued immediately.

### FOR A NEW OIL MILL.

J. W. Singleton of Waxahachie, president of the Bryan Cotton Oil Co., was in the city today on business. The matter of rebuilding the oil mill will not be definitely decided until the annual meeting in June. If it is then decided to rebuild, the mill will hardly be ready for operation by the opening of the season. This, however, will be no detriment to Brazos county farmers as a seed house could be built at once and the seed bought and stored until the mill was ready to start up. Mr. Singleton says enough of the old stockholders will go into a new company to take \$20,000 of the stock, or one half of a \$40,000 company, if Bryan capitalists will take the other half. The Pilot editor has heard several Bryan men say they would take stock in a mill, and we believe the \$20,000 will be taken in short order when the stock is offered.—The Pilot.

### HOTVILLE'S REASONS.

Why Captain of Fruit Steamer Failed to Render Assistance.

New York, April 28.—Because he considered the yacht in no immediate danger and he had a perishable cargo, which would make any delay dangerous, and had no towing gear are the reasons given by Captain Hotville of the fruit steamer Oteri for his failure to go to the assistance of President Roosevelt's yacht Sylph, when she was lying disabled south of Bodles Island. The Oteri arrived here from Banes, Cuba, and for the first time since the incident Captain Hotville had an opportunity to give his version of the affair. He said: "We were steaming along under full headway when I sighted flare lights on a vessel ahead. This vessel was about eight miles off land and fifteen miles south of Bodles Island. The night was clear and weather good. As we approached I pulled the bell to stop the engine. The wire broke and before I communicated with the engine room we were out of range of hearing. As soon as the wire broke I made ready to halt the distressed craft. The hall came: 'Will you tow us out?' I answered: 'I cannot. Drop your anchors. You are in fourteen fathoms of water. I'll report you at Cape Henry.' 'I reported the ship's distress to the pilot and told him to send a tug. We had a perishable cargo on board, the yacht was in no danger and as I had no towing gear I did the best thing I could under the circumstances.'"

### MONUMENT TO BELL.

His Widow Will Have the Right to  
Have Her Name Thereon.

Mineral Wells, Tex., April 28.—Grand lodge Knights of Pythias has decided to erect a \$2500 monument to the memory of the late Grand Chancellor Bell. His widow will have the right, after her death, to have her name inscribed upon it.

Memorial services in honor of the late Grand Chancellor Bell were held. Supreme Representative H. P. Brown of Cleburne read a resolution that was adopted and a copy ordered sent to Mrs. Francis J. Bell and also spread upon the minutes. Mr. Brown also spoke of the worth of the deceased chief executive of the grand lodge of Texas.

The grand statutes were amended so that subordinate lodges will elect officers semi-annually except K. of R. and S. M. of F. and M. of E. This does not go into effect until January, 1906.

The report of the mileage and per diem committee showed the expense of this session of the grand lodge amounted to \$6129.15.

Resolutions were adopted instructing the grand trustees to have plans made and an estimate on the cost of a building for the home and report at the next meeting of the grand lodge.

The grand lodge officers for the ensuing year were installed.

The Rathbone Sisters elected the following officers: Mrs. S. P. Buster of Childress, past grand chief; Mrs. E. Putnam, Weatherford, grand chief; Mrs. Irene Stett, Cuero, grand senior manager; Mrs. Everett, Palestine, grand junior manager; Mrs. G. H. Sandefer, Lyra, manager; Mrs. Ola Humason, Lufkin, protector; Mrs. Heard, San Angelo, grand guard; Trustees: Mrs. Brown of El Paso, Mrs. Houssets of Childress. Supreme representative, Mrs. H. C. Shropshire of Weatherford.

### REDUCTION REPORTS.

Manner in Which Farmers Are Heeding Request Told by Several.

Dallas, April 28.—Executive committee of the Texas division of the Southern Cotton association conferred with President Smith of the state organization. Reports showed the systematic efforts to have cotton acreage reduced were meeting with fair success. A regular itinerary for President Smith for lecturing to farmers and business men was outlined. Among other resolutions adopted was the following:

"We call attention to the county meetings, called by President Jordan for May 1, in all cotton-growing counties where organization has been effected. If, on account of weather conditions it is impracticable to hold these meetings, the executive committee appoints the second Saturday in May as the proper time for holding these county meetings in Texas."

### BEAUMONT BURGLARIES.

Fine Ring Stolen From City Marshal, and Sheriff's Brother Robbed.

Beaumont, April 28.—The home of City Marshal Stewart was burglarized and a diamond ring valued at \$500 was taken. The home of the brother of Sheriff Landry was also entered. Many other daring robberies in which only money or jewelry was taken are reported, as well as thefts of wallets on street cars.

### TEAMSTERS' TROUBLE.

Chicago Seems to Stand on the Brink of Great Industrial Upheaval.

Chicago, April 28.—With 1330 teamsters on strike with constant accessions being made to their number and with the express determination of the employers association to take a firm stand for the "open shop" and fight the Teamsters' union to a finish, Chicago, Thursday night, to all appearances, stood on the eve of one of the greatest industrial upheavals in her history. There was rioting in various parts of the city, despite the strong guards of police and the numbers of private detectives hired by private owners to protect their wagons. Three men were seriously injured, one of whom will probably die.

It was rumored 1000 truck drivers would strike.

### Cutler's Statement.

Washington, April 28.—Captain Cutler, commanding the cruiser Galveston, in reporting the departure of his vessel from Galveston for Key West, said nothing of any unusual disturbances or dissatisfaction among the crew on that vessel. It will be necessary to wait until the ship reaches Key West before the facts can be referred to the department.

### Large Gas Flow.

Ardmore, April 28.—While drilling for oil on the Hoesau-Townsend property in Northwest Ardmore, a flow of gas was struck. The flow was of sufficient force to shoot through 1100 feet of water, throwing sand and water in the air. Drilling for oil will be continued.

### Came Near Drowning.

Guthrie, April 28.—By the capsizing of a small boat on Cottonwood river, near Guthrie, C. B. Dunn, traveling passenger agent; W. W. Carlton, chief engineer, and W. W. Wicker, roadmaster, of the Denver, Elgin and Gulf railroad, narrowly escaped drowning.

### WEEK EARLIER.

President Roosevelt to Break Camp Sooner Than Expected.

Glenwood Springs, Colo., April 28.—President Roosevelt will break camp on May 8, a week earlier than he had intended, and will start for Washington at once. The only stops he will make will be at Denver and Chicago, where the dates for his reception have been advanced to meet the new arrangement.

Secretary Loeb returned early Thursday from the camp, where he conferred with the president all of Wednesday. He announced upon reaching here that affairs in Washington made it necessary that the president curtail his visit. That there is nothing alarming in the situation is manifested from the fact that the hunt will be continued ten days more, in spite of conditions of governmental affairs which resulted in the altered plans. The Venezuelan situation, it is believed here, resulted in the order to start home on May 8.

### Go to White House.

Colorado Springs, Colo., April 28.—The hides of five bears slain by President Roosevelt, and three bobcats killed by Dr. Lambert, have been received here to be dressed and cured, after which they will be shipped to the white house.

Ardmore, April 28.—Lon Cummins, aged seven years, a son of ex-Deputy Marshal Robert Cummins, who resides near Lone Grove, accidentally shot himself and died in a short while. He was en route home and was about a mile from Ardmore when the accident took place. It is said that in attempting to remove a pistol from his pocket it exploded. The ball entered his right thigh and ranged downward.

### MUST PROCEED.

Creek Indian Tribal Tax Is to Be at Once Collected.

Muskogee, April 28.—Indian Inspector Wright received a letter from the interior department directing him to proceed to collect the Creek tribal tax. This letter was in reply to one sent to the agent some time ago touching upon this subject, which the Commercial club also took up, but the ruling of the department is adverse to the plan suggested.

### Has Changed Hands.

Lawton, April 28.—Sam Strauss of Fort Sill, who has been running the store at the sub-Indian agency, near there, for the past fifteen years, has sold his stock to D. A. Larrance of Coma. The stock is valued at about \$80,000.

### SHOT HIS SPOUSE.

Kansas City Man Then Put a Bullet Into His Own Head.

Little Rock, April 28.—A special to the Gazette from Hot Springs, says: A probable murder followed by suicide, occurred in a rooming house here when W. H. Wilder of Kansas City, Mo., shot his wife, the ball entering about the left eye and penetrating the brain. After the shooting Wilder went to get a physician who, upon examination, told him the woman's wound was fatal and accused him of murdering her, as her clothing was torn and there were other evidences of a struggle. This Wilder denied and claimed the woman shot herself accidentally. The physician left to call an officer and Wilder retired to another room and blew his brains out.

### FLAGS ENTWINED.

Under These American Ladies Sang "Dixie" and "Yankee Doodle."

New York, April 28.—Under the stars and stripes, entwined with Confederate flags, 320 women of the north and south sang "Yankee Doodle" and "Dixie" with equal enthusiasm at the annual luncheon of the New York City chapter of the United Daughters of the Confederacy at Delmonico's Thursday. Mrs. Fairbanks, wife of the vice president, struck the note of sympathy in saying: "Your organization and the one I have the honor to represent have helped to hide the scars of the past divisions of our country. And they have covered the divisions with the flowers of forgetfulness and the garlands of gentle remembrance."
